

SLVR, TOKENISED PHYSICAL SILVER

The silver lining you can actually own.

Own, trade and redeem real silver. Every SLVR token is one troy ounce of 99.9% fine silver, vaulted, insured and independently audited.

The only licensed exchange in Africa where you can trade tokenised silver and redeem it for actual silver bars.

Real silver. Digital speed.

One SLVR token is one troy ounce of 99.9% fine silver, held for you in a secure, insured vault.

SLVR is fully backed, fully audited exposure to physical silver that you can access in seconds. Each token maps to 99.9% fine silver that is securely vaulted at Union Vault and insured by Lloyd's of London.

From day one you can buy, hold, trade or redeem investment grade silver in the exact size that suits you, with no waiting lists and no paperwork maze. Whether you are diversifying a personal portfolio, advising clients or managing treasury liquidity, SLVR combines the resilience of a hard asset with modern, programmable access.

1 : 1

TRUE BACKING

Each SLVR token equals exactly one troy ounce (31.1055 g) of 99.9% fine silver.

03 THE INVESTMENT CASE

Hedge the storm. Power the future.

Silver is both a store of value and a critical industrial metal, a rare blend of defensive and growth characteristics. SLVR offers efficient, fractional participation in that story without the logistics burden of bars or coins.

01

Intrinsic hedge

Silver's enduring value offers protection against the devaluation of fiat currencies.

02

Industrial upside

The metal's unique electrical and reflective properties fuel long term demand from the industrial and manufacturing sectors.

03

Fractional liquidity

On SchindlersX, SLVR trades at any fraction, down to 7 decimal places, so you are never locked into large bars.

INVESTMENT OBJECTIVES

Preserve your purchasing power

A real world hedge against inflation and currency swings.

Enhance liquidity

Access silver around the clock, with no vault queues and no minimum lift outs.

Diversify your portfolio

Complement equities, bonds and digital assets with physical silver.

Ensure transparency

Rely on monthly third party audits and published proof of reserves.

Every ounce accounted for.

Confidence in a tokenised metal rests on what can be verified. SLVR is built so that custody, insurance, supply and ownership can each be checked independently.

Vaulted

The underlying silver is held at Union Vault, a high security vaulting facility.

Insured

Holdings are insured by Lloyd's of London, with confirmation of cover published on the platform.

Audited

Independent auditors verify the vault holdings every month and proof of reserves is published.

Supply controlled

Smart contract verification ensures that tokens in issue never exceed the silver held in reserve.

Certified ownership

Each purchase generates an Ownership Certificate confirming the silver you own to 7 decimal places.

Regulated

SchindlersX is operated by Schindlers Digital Assets (Pty) Ltd, a licensed Financial Services Provider, FSP 53789.

Confirmation of Insurance Cover and Letter of Good Standing

Published at schindlersx.io/silverbits

Four steps, from anywhere.

SchindlersX is open to South African and international investors alike. No South African bank account or residency is required.

01

Open your account

Register at schindlersx.io. Sign up takes about five minutes.

02

Verify your identity

Complete the KYC verification. Verification is typically completed the same day.

03

Fund your account

Fund your SchindlersX account. We will guide you through the funding route best suited to your jurisdiction.

04

Buy SLVR

Purchase SLVR at the live market price, in any size from 0.04 SLVR. An Ownership Certificate is generated in your account with every purchase.

PRICING AND FEES

PURCHASE PRICE

The live silver price plus a two year vault fee, currently R2.86 per troy ounce including VAT.

TRADING

Trading fees follow the standard SchindlersX fee schedule. Prices are displayed in USD and ZAR.

REDEMPTION

Redemption and delivery fees apply when SLVR is converted into physical silver.

Your silver, your way.

SLVR gives you the depth and credibility of vaulted bullion with the flexibility and speed of a digital instrument. How you hold it, and how you exit, is your decision.

Hold	Keep your silver in secure, insured vaulting and monitor your holdings at any time from your SchindlersX account.
Trade	Buy, sell or transfer SLVR around the clock on the SchindlersX Marketplace.
Redeem	Convert your SLVR into physical silver delivered to your preferred address, or sell your holdings and receive your proceeds in cash.

THE SILVERBITS PHYSICAL RANGE

The only licensed exchange in Africa where you can trade tokenised silver and redeem it for actual silver bars.

1oz SilverBits SLVR Coin

1oz Silver Krugerrand

100g SilverBits Bar

1kg SilverBits Bar

Physical redemption is subject to fees, minimum holdings and the applicable terms and conditions. SilverBits can also produce custom 1oz coins and bars for private and corporate gifting, with mould fees applying.

Two specialists. One regulated route to silver.

THE EXCHANGE

SchindlersX is South Africa's first FSCA licensed real world asset exchange. It is owned and operated by Schindlers Digital Assets (Pty) Ltd, an authorised Financial Services Provider (FSP 53789) and Crypto Asset Service Provider that is registered with the Financial Intelligence Centre.

The platform is legal led, built on the expertise of Schindlers Attorneys and its specialisation in blockchain law, so that every structure, token and transaction is underpinned by legal rigour. Investors from anywhere in the world can participate.

THE METAL

SA SilverBits (Pty) Ltd is a subsidiary of Egen Holdings and the first in South Africa to make saving in silver simple, modern and fractional. Its silver is ethically sourced and refined, stored in a high security vault, verified monthly and insured.

SilverBits is registered with the Financial Intelligence Centre as a High Value Goods Dealer in Precious Metals (Registration Number 75201) and is a registered credit provider in terms of the National Credit Act 34 of 2005 (NCRCP23477).
